The diagram illustrates the location of the Red 12-Pin connector on the rear of a vehicle. A dashed line points from the connector location on the vehicle to a magnified view of the connector. The magnified view shows a 12-pin connector with a red label. A callout box points to the red label with the text "Red 12-Pin". To the right of the magnified view is a large black arrow pointing to a box containing the text "Adapter kit VW-190-Z" and a telephone icon. Below the text is a diagram of the adapter kit, which consists of a cable with a 12-pin connector on one end and a 15-pin connector on the other.
